

DESERTED ISLAND

How many of you like FREE?? Great! We're going to play a little game. I want you to pretend that you've been stranded on a deserted island for 5 long years. You've managed to build a little hut or shack for protection. One day as you're coming out of your shack you see a boat rowing in on the shore line. Now ladies if you're married I'm *sure* this is your husband... but then again we ARE pretending :) So as this boat is getting closer you're thinking "woohoo I've been rescued!", but wait he looks like... is that McDreamy??? Or Matthew McConaughey... Maybe Mel Gibson? Who is he ladies?? Now remember again for some of you married one's I'm *sure* he's your husband. Ok, so you realize you have 5 seconds to run back to you shack for that 1 color item you would HAVE to have on. Quick on the back of your card write down what it is. What did you all put down? Great!

Here's the deal. One of you is going to WIN the item YOU PICKED out right now. I'm going to give you about 2 minutes to write down people that might enjoy a make-over. However, if they're not interested fine. The person with the most names AND numbers will win. There are only 2 rules to this game. You can not put down anyone in this room, and they must be over 18. Of course you can cheat and use your cell phone. Ok, ladies grab your phones, and go... Now give them suggestions. (friends, family, bunko...)
